KHEJURI COLLEGE

Baratala, Purba Medinipur, PIN- 721431

Annual Report 2022

Session 2021 – 22

1st September, 2022

About the College

The college had been established in 1999, propelled by the need for an institution of higher learning in the area. The philanthropic contributions of local residents and educationists enabled the construction of a one storey edifice. This humble beginning has eventually led to the development of separate multi-storeyed buildings for office, academic, vocational and residential purposes. In the initial years, it was guided by Dr. Ramchandra Mondal as a Teacher-in-Charge till Dr. Asim Kumar Manna took over as the Principal in January 2001. Under his leadership, the college has blossomed into a proficient workshop of man-making. It has not only fostered the study of humanities but also diversified into science subjects like Aquaculture, Zoology, Botany and Anthropology. It has focused on a holistic view of education and hence has fruitfully nurtured departments of Music and Physical Education. The College has developed an active Vocational section, teaching courses on Computer, Electronics and Healthcare. It has also contributed in grooming the youth as patriotic citizens and has consistently engendered participants for the National Cadet Corps and the National Service Scheme. Under the leadership of Dr. Manna, the College aims to extend its wings towards achieving greater academic excellence.

Our Mission

The College aims to provide a favorable ambience to inculcate qualities and develop abilities amidst students from marginalized sections of our society so that they may contribute fruitfully to Nation Building. The college encourages pursuit of Higher Education so that students in this remote area may enrich and prepare themselves for various professional vocations.

Our Vision

The college envisions to serve as a sanctum of higher education for the students from the coastal rural areas of Purba Medinipur district, especially those from under-developed background. The College wants to develop itself as a repository of knowledge about the local area and wants to serve as a favourable platform for explorations in local history, culture, ecology, literary and social practices.

Our Objectives

- The college aims at providing holistic education, leading to the development of integrated individuals.
- The college endeavours to foster a sense of social responsibility, discipline and tolerance among the students.
- Keeping in view the objectives of higher education of the nation, the college tries to promote gender equality and ensure eradication of discrimination against women and marginalised gender identities.
- More than sixty percent of students of the college belong to SC/ ST communities and many belong to B.P.L. households. Taking into consideration their need, the college wants to provide education which would prepare the students for the job market and thus wants to upgrade and update its infrastructure continually.
- The college also spreads awareness about ecological changes and challenges and encourages ecological preservation and sanitation drives. The college campus is maintained as a Plastic-Free and Tobacco-Free zone.
- The college provides an interactive educational set-up facilitated by multimedia and ICT presentations. It endeavours to build a bridge between teachers and the local community, including parents, which is of utmost importance for First Generation Learners.

Our Future Plan

- Provide favourable and harmonious academic ambience and overall discipline in the college.
- Provide a better education through providing ICT based classroom, digital learning platform, library resources and other facilities.
- Spent college fund more on development of further infrastructural facilities.
- Achieve academic and cultural excellence in the region through upliftment of students belong to marginalized family.
